CORRECTIVE ACTION PLAN (CAP)

The Corrective Action Plan is to be completed by the evaluator with *discussion and assistance* from the evaluatee as it relates to an *unsatisfactory or “does not meet” rating* on any one standard or more from the Summative Evaluation or when an immediate change is required in staff behavior.

The evaluator and evaluatee *must* identify corrective action goals and objectives; procedures and activities designed to achieve the goals; and targeted dates for appraising the evaluatee's improvement of the standard.

It is the evaluator's responsibility to *document* all actions taken to assist the evaluatee in improving his/her performance. The evaluator *must* notify the District Evaluation Coordinator when a corrective action plan has been put in place for an employee

- **Standard Number or Skill needing to be addressed**
Identify the specific standard(s)/skill from the Summative/Formative Evaluation Form that has an unsatisfactory rating assigned or needs immediate change
- **Growth/Objective(s) Goals**
Growth objectives and goals must address the specific standard(s) rated as “does not meet” on the Summative/Formative Evaluation document or needs immediate change. The evaluatee and the evaluator work closely to correct the identified weakness.
- **Procedures and Activities for Achieving Goal(s) and Objective(s)**
Identify and design specific procedures and activities for the improvement of performance. Include support personnel, when appropriate. For example: additional training and time for implementation may be required OR an Intensive Assistance Team may be formed to work directly with the evaluatee.
- **Appraisal Method and Target Dates**
List the specific target dates and appraisal methods used to determine improvement of the performance. Target dates may be short term or long term depending on the standard/skill action needed. Exact documentation and record keeping of all actions must be provided to the evaluatee.
- **Documentation of all reviews, corrective action, and evaluator's assistance must be provided periodically (as they occur) to the evaluatee**
Evaluators must follow the local district professional development growth and evaluation plan processes and procedures for implementing an Individual Corrective Action Plan.

EMPLOYEE INTENSIVE ASSISTANCE

One of the options for a corrective action plan is the establishment of an intensive assistance team. If a team is required, the following protocol must be used.

The purpose of the Intensive Assistance Team is to provide the employee every opportunity to attain the districts' standards of performance. The formation of an Intensive Assistance Team will usually occur when an Individual Corrective Action Plan is in place. Any district employee should understand that the request for an assistance team is the district's last attempt to salvage the career of the employee. If the standards are not attained, the employee is subject to contract termination.

An assistance growth plan is created in order to provide the employee with additional assistance and supervision to help him/her make the necessary changes in performance to meet district standards. The individual corrective action plan format may be used for this assistance growth plan or the team can devise a format specific to the assistance needed. Once an employee is on an assistance plan, the employee is allowed time to improve their performance and demonstrate that district standards have been attained.

The evaluator shall provide assistance, resources, and the opportunity for the employee to reach the district standards. The following steps should be followed:

- The evaluator shall confer with the employee and indicate the desire to bring in an assistance team. If the employee refuses assistance, the evaluator has few options left.
- In collaboration with the employee, a team is selected.
- The evaluator, employee, and team members meet to discuss the assistance process.
- Each meeting of the team is documented in summary format on the intensive assistance team log with recommendations.
- If the employee, in the judgment of the evaluator, makes progress with team assistance, the summative evaluation is completed and the summative conference occurs. The employee is then back on a Professional Growth Plan.
- When no improvement in performance toward meeting district standards is attained, even with the help of the assistance team, the employee shall become eligible for termination of employment.
